

## SEE WHAT PEOPLE ARE SAYING ABOUT THE SOUTHERN OHIO INDOOR MUSIC FESTIVAL...

That show is the highlight of my year! Both times! Thanks for all you do to put it together. I can't wait for the next one. -Larry Collins

---

Stan and I have been to every one since you started and they just get better and better. The entertainers were superb and such great talents! We already have our Holiday Inn reservations and are just waiting until we can buy tickets for November. Keep up the good shows. We know you will. -Pat & Stan Ritchie

---

We've got to congratulate you again on putting on what is surely one of the finest indoor festivals anywhere -- your attention to detail is amazing, as is the "big picture". And speaking of big pictures, the video screens let everyone in on the action, and the folks at the back of the audience seemed just as happy as the ones at the front. Y'all did a fine job on the Country Gentlemen Reunion Band slideshow too -- that, with your narrative, was a very nice touch, and great information for the folks. Thank you for presenting the perspective on the Country Gentlemen. We'd love to come back again. - Martha & Eddie Adcock

---

Kudos to all of you for putting on such a great event. All the acts I had the privilege of seeing were outstanding. A very nice vendor and food area also. Way to go! -Randy Norton

---

We had a great time in Wilmington. We look forward to the festival because of the long winter. We can't wait to see a great show and lots of friends and new ones too. Keep on bringing the shows and we'll see you soon! -Frank Gadd

---

WOW! What a wonderful festival. I believe it was first-class all the way! The best one I've been to (and we attend many a year). The big screen TV was so fun and a great idea for all the Ohio State fans. But the festival was so good I didn't watch much of the game. It was a great show! -Audrey Jones

---

Thanks for such great music! **The Tribute to Jimmy Martin** was something we'll never forget. We commend you for bringing such quality entertainment to this area. -Bernice Allen

---

The banjo workshop you had was great. I play a little 5-string, but mostly pedal steel. The show put that spark back into me that was lost, and I want to get back up there on that stage again. I really enjoyed it. -Steve Weddle

---

Our first time at the Southern Ohio Music Festival, and what a time we had! Absolutely fabulous line-up, and we were so impressed with the vendor and concession area, the instrument check (what a great idea!), Jam Central, and the overall great organization and atmosphere. - Juanita Weaver
